# ABOUT OMEGA COLOURS

Omega Colours Pvt. Ltd. is one of India's leading manufacturers and global suppliers of high-performance Phthalocyanine pigments, specialising in Pigment Blue and Pigment Green product ranges for international industrial applications.

**Established in 1991**, Omega Colours has built a strong reputation for delivering eco-compliant, export-ready, and high-performance pigment solutions trusted by customers across Europe, USA, Japan, Southeast Asia, Middle East, and other global markets.

With advanced manufacturing systems and stringent quality control procedures, Omega Colours delivers reliable pigment solutions engineered for demanding applications in printing inks, coatings, plastics, textiles, packaging, PVC, and specialty industrial sectors.

## OUR PORTFOLIO INCLUDES

Phthalocyanine Pigments

High Performance Pigments

Azo Pigments

Inorganic Pigments

Specialty Industrial Colour Systems

Products sourced through strategic manufacturing partnerships with globally trusted and approved producers, ensuring consistent quality, reliability and global compliance.

# PRODUCT PORTFOLIO & REACH STATUS

DELIVERING SAFE, COMPLIANT & HIGH-PERFORMANCE PIGMENTS WORLDWIDE

Our portfolio includes a wide range of Phthalocyanine, High Performance, Azo, Inorganic and Specialty Pigments for diverse industrial applications. REACH compliance status is product & volume specific.

REACH REGISTERED PRODUCTS	
Product	REACH Status
<b>PHTHALOCYANINE PIGMENTS</b>	
✓ Phthalocyanine Blue 15:0	REACH Registered
✓ Phthalocyanine Blue 15:1	REACH Registered
✓ Phthalocyanine Green 7	REACH Registered
✓ Phthalocyanine Violet 23	REACH Registered
✓ Phthalocyanine Violet 19	REACH Registered
<b>HIGH PERFORMANCE PIGMENTS</b>	
✓ Violet 23	REACH Registered

PRODUCTS WITH PRODUCT-SPECIFIC REACH STATUS	
Product	REACH Status
<b>PHTHALOCYANINE PIGMENTS</b>	
○ Phthalocyanine Blue 15:3	Pre-registered / Batch Dependent
○ Phthalocyanine Blue 15:4	REACH Supported (Registration in Progress)
<b>AZO PIGMENTS</b>	
○ Azo Yellow Series	Batch / Product Specific
○ Azo Orange Series	Batch / Product Specific
○ Azo Red Series	Batch / Product Specific
○ Azo Black Series	REACH Supported (Registration in Progress)
<b>INORGANIC PIGMENTS</b>	
○ Iron Oxide Red	Batch / Product Specific
○ Iron Oxide Yellow	Batch / Product Specific
○ Iron Oxide Black	Batch / Product Specific

REGULATORY & DOCUMENTATION SUPPORT	
Regulation / Standard	Status
EU REACH	Available for Selected Products
UK REACH	Supported
SVHC	Compliant
EN-71-3	Compliant
ISO 9001	Certified

## – REACH STATUS LEGEND

- ✓ **REACH Registered** Fully registered under EU REACH.
- **Pre-registered / Batch Dependent** Registration or availability depends on batch, volume or specific conditions.
- **REACH Supported (Registration in Progress)** Registration process is ongoing for selected products.

**Note:** REACH status may vary by product grade, batch volume, application and regional regulatory requirements. Please refer to product-specific documentation for exact details.

# REACH STATUS & COMPLIANCE

## OUR COMMITMENT TO SAFE & RESPONSIBLE CHEMISTRY

We are committed to supplying high-quality pigments that meet global regulatory requirements with full transparency and responsible compliance.

### OUR REACH COMMITMENT

- We ensure responsible registration, pre-registration or support for our products as per EU REACH regulation.
- REACH compliance is product and volume specific.
- Detailed regulatory documentation is available on request.
- We continually monitor regulatory updates to ensure ongoing compliance and customer confidence.

### REACH STATUS OVERVIEW

#### REACH Registered

Products fully registered under EU REACH. Documentation available on request.

#### Pre-registered / Batch Dependent

Registration or availability depends on batch, volume or specific conditions.

#### REACH Supported (Registration in Progress)

Registration process is ongoing for selected products.

### COMPLIANCE & CERTIFICATIONS

Quality You Can Trust. Compliance You Can Rely On.

# INDUSTRIES WE SERVE

## PRINTING INKS

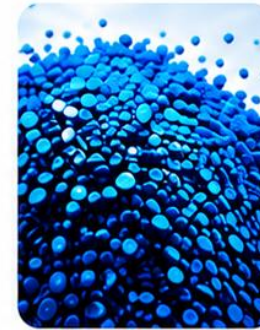

- Gravure inks
- Flexographic inks
- Offset inks
- Packaging inks

## COATINGS & PAINTS

- Automotive coatings
- Industrial coatings
- Decorative paints
- Protective coatings

## PLASTICS & POLYMERS

- PVC masterbatch
- Polyolefins
- Engineering plastics
- Injection molding

## TEXTILES

- Textile printing
- Dyestuffs
- Synthetic fibers
- Industrial textiles

## PACKAGING SOLUTIONS

- Flexible packaging
- Consumer packaging
- Corrugated packaging
- Industrial packaging

## RUBBER & ELASTOMERS

- Rubber processing
- Elastomer
- Coloration

High Toning  
Strength

Excellent  
Dispersion

# MANUFACTURING & INFRASTRUCTURE

## ADVANCED FACILITIES. STRINGENT CONTROLS. CONSISTENT QUALITY.

Our state-of-the-art manufacturing infrastructure and robust quality systems enable us to deliver high performance phthalocyanine pigments with exceptional consistency, reliability and scalability.

**ADVANCED  
MANUFACTURING SYSTEMS**

Modern, efficient and automated manufacturing systems designed for precision, productivity and safety.

**AUTOMATED  
PROCESS CONTROL**

Integrated automation and digital control ensure process accuracy, consistency and operational efficiency.

**RIGOROUS  
QUALITY TESTING**

Advanced testing facilities and stringent quality checks at every stage to ensure superior performance and reliability.

**HIGH CAPACITY  
PRODUCTION**

Scalable production capabilities to meet global demand while ensuring timely delivery and consistent quality.

<p><b>SUSTAINABLE OPERATIONS</b></p> <p>Eco-friendly practices and efficient resource utilization for a greener tomorrow.</p>	<p><b>SAFE &amp; COMPLIANT</b></p> <p>Adherence to global safety standards and regulatory requirements.</p>	<p><b>CONTINUOUS IMPROVEMENT</b></p> <p>Ongoing innovation and process optimization for enhanced performance.</p>	<p><b>SKILLED WORKFORCE</b></p> <p>Experienced professionals driving excellence through expertise and dedication.</p>	<p><b>RELIABLE &amp; CONSISTENT</b></p> <p>Delivering high quality pigments with batch-to-batch consistency you can trust.</p>	<p><b>GLOBAL SCALE</b></p> <p>World-class infrastructure enabling us to serve customers across the globe.</p>

## GLOBAL PRESENCE AND GATEWAY TO EUROPE

### OUR GLOBAL FOOTPRINT

## KEY ADVANTAGES

### Consistent Global Supply

Reliable supply chain ensuring uninterrupted availability worldwide.

### Technical Collaboration

Collaborative approach to develop innovative and high-performance solutions.

### Regulatory Compliance

Commitment to global regulatory standards and ethical practices.

### Customer-Centric Approach

Focused on building long-term partnerships and delivering value.

## INDIA TO EUROPE – INTEGRATED SUPPLY CHAIN

### Raw Materials

Sourced from reliable and approved suppliers

### Advanced Manufacturing (India)

State-of-the-art facilities with strict quality controls

### Quality Assurance

Rigorous testing at every stage

### Global Logistics

Efficient and secure transportation

### European Gateway (Subsidiary)

Strategic hub ensuring seamless distribution

### Customers Worldwide

Delivering excellence across the globe
